

Polypropylene Films

Solvent Coated Films

Polypropylene films are economical choice for short term signage. They have good tear resistance and layflat properties.

This microporous coating gives it the ability to reproduce true high quality photographic images with rich colors and provide good water resistance. This is an ideal product for indoor or outdoor signage. The SPPM7 has been designed for eco-solvent, latex and UV inks, while the LPPM7 is a lower cost product designed for the latex inks.

KEY APPLICATIONS

- Promotional signage
- Economic display
- Outdoor poster

COMPATIBILITY LEGEND

-  Solvent Inks
-  Latex Inks
-  UV-Cured Inks
