

Backlit Films

Aqueous Coated Films

This coated polyester film has a water-resistant and low-glare top coating that dries quickly.

With a matte porous top coat that allows for heavy ink saturation and deep, dense colors, this polyester film will produce graphics that will stand-out with every type of backlit box.

KEY APPLICATIONS

- Backlit display
- Light boxes
- Transit signage

COMPATIBILITY LEGEND

- A Aqueous Inks
- L Latex Inks
- U UV-Cured Inks
